

FIELD OPERATIONS ENGINEER **OPPORTUNITY**

AIRWAVZ SOLUTIONS

FIELD OPERATIONS ENGINEER – SOUTHWESTERN US

Airwavz Solutions is a highly successful and industry leading wireless infrastructure company that designs, develops, and delivers wireless infrastructure platforms as a service for building owners, service providers and enterprise customers to flexibly and economically solve the coverage and capacity challenge created by the explosion of mobile device use indoors. We are seeking a Field Operations Engineering Professional to join our fast-paced team and support the aggressive growth of Airwavz Solutions' products and services in the commercial real estate space.

POSITION SUMMARY

Responsible for supporting, monitoring, and maintaining in-building wireless networks and managing all aspects of operations across client facilities. Perform venue specific site assessments, evaluation of existing infrastructure and managing client and vendor relations.

RESPONSIBILITIES OF POSITION

- + Represent Airwavz on customer appointments as the subject matter expert for hosted in- building wireless technologies and applications.
- + Proactive network and site monitoring and maintenance.
- + Operates independently in a complex environment.
- + Knowledgeable in trouble shooting as well as ability to follow issue tree for problem assessment.
- + Performance of other related duties will be required.

SKILLS AND EXPERIENCE

- + Minimum of 5-10 years of direct wireless telecommunications or RF technologies experience required
- + Military communications experience is strongly preferred
- + Valid driver's license and reliable transportation required
- + Multi-state travel across the assigned territory is required (35%)
- + Excellent verbal and written communication skills
- + Must possess and demonstrate excellent customer service skills
- + Must be a self-starter and avid learner
- + Proficiency with Internet and Microsoft Office applications to include, but not limited to: Word and Excel

- + Must be detail oriented with good organizational and time management skills
- + Ability to multitask effectively
- + Must be analytical and have proven problem-solving abilities
- + Must have effective interpersonal skills to interact successfully with customers, management, and team members to ensure customer satisfaction
- + Must be able to prioritize and re-prioritize as needed in a fast-paced working environment, especially when dealing with time sensitive issues and mandated deadlines
- + Must successfully pass pre-employment background check
- + High school or an equivalent minimum level of education is required

Full benefits package available (see website for details). Candidates must live in the Southwestern section of the US near major metro areas and transportation hubs (e.g. Phoenix, Tucson, Las Vegas, Denver, etc). Relocation is not available on this position.
