

FAIRMONT HOTEL

AUSTIN, TX

Airwavz partnered with the Fairmont Hotel in Austin, TX, to transform the guest experience through enhanced cellular coverage. As one of the largest hotels in Austin, with over 1,000 guest rooms and expansive event spaces, the Fairmont required a solution that could meet the high demand for seamless connectivity.

Airwavz stepped in to design and implement a custom network that ensures strong, reliable service across the entire property, from the bustling lobby to the rooftop pool. This partnership not only elevated the guest experience but also empowered hotel staff to operate more efficiently, making the Fairmont a standout destination in the heart of Austin.
